

Puerto Madero IFF is an online annual competition based on the technical execution of films.

All submissions are evaluated on each technical category: Script, Cinematography, Sound, Acting and Direction.

At the end of each year we announced the official selection films based on their creativity and technical execution.

Our festival is ONLINE only at the moment, we are working hard to make an annual event with public screening.

All the Official Selections and Winner are posted in our Social Network with a growing audience of more than 4600 followers and also on our web site.

All Official Selection will receive laurels.

The winner film will receive a technical review and laurels.
