

We are looking for short films with the duration of up to 100 seconds to be submitted for the selection. There are no restrictions regarding the filmmaker's age, country of production or film genre.

SUBMITTING THE FILM

To submit your film you need to fill in the entry form online and specify the preview (vimeo/youtube) or download (wetransfer/dropbox) link while completing the application.

Films may be submitted by filmmakers, producers, distributors or other legal representatives. The submitter of the film should be the one with legal rights to negotiate the use of this work with KISFF.

The regular entry deadline is August 15.

The late deadline is September 15.

SELECTION PROCESS and PARTICIPATION IN THE FESTIVAL

Films are chosen by KISFF's selection committee. In the case of selection, the submitter will be asked to send the screening copy/data file, film stills, director's portrait, English dialogue list as well as a signed entry form to the Festival's address or email.

Selected films will be screened around Ukraine and Poland in a '100 films in 100 minutes' tour, some more countries to be confirmed. Rights for the screenings are negotiated individually after the selection.

Considering the number of films in the program, unfortunately, we are not able to pay screening fees.
