

## LATERALE FILM FESTIVAL 2018

- Shorts of all genres, style and narrative form are allowed, realised from the 1st of January 2016.
- The short films must have a maximum length of 20 minutes (with credits).
- The registration fee for each film is 6 USD. Each author can participate with a maximum of three works.
- In no case the registration fee can be paid back; it has to be considered a contribution to the Associazione Culturale Kamen for the realization of *Laterale Film Festival*.
- The works' selection will be made by the Festival Artistic Direction and will have to remain confidential until the announcement of the program.
- The works will have to be sent no later than the 31th of March 2018.
- Once selected the short films cannot be retired from the festival.
- Some of the selected workframes might be used for promotional purposes of the festival.
- The selected shorts will join the records of the *Laterale Film Festival*. The organisers commit themselves to use the shorts only for cultural purposes within the Festival itself. Therefore, the works won't be commercially exploited, to protect the interest of the authors and of the production.
- The participation to the project implies the total acceptance of the present regulation. The Festival's direction has the final judgement on controversial cases.
